Bellaire High School

By Mary Wayne Heathcott and Judy Howell

Well, hello. This is the first time we have been in here, but it won't be the last. Recently we had our cheerleader election. They are Malbie Parker, head cheerleader; Richard Trapp, Carolyn Craddock, Jim Fox (Jellybean), Kay Knapp, and Don Johnson. They sure will be great cheerleaders and we are proud of them. We wonder if Cecile Epting will be at the FFA Rodeo as much as she was at the Houston Rodeo The second annual FFA Rodeo will be April 30 and March 1, at the Port Houston stock yards. Now Randy Moore don't get upset, you will get your sweater back. Some of the diamonds you see going down the hall belong to Marlene Foyt, Judy Bowers, Emily Quattlebaum, Judy Howell, Mary Francis Hicks, Beverly Hight, and Charlotte Allen. We at Bellaire, hope that Paul Berlin had a good time on his vacation. We know he did. The King and Queen of the Bellaire Mayfete are Ben Dickerson and Ann Parsons. Anyone who wants to join the Larry Kane Fan Club get in touch with Mary Wayne Heathcott at MA-3-5685 or Linda Underwood at MA-3-4336. Spring has brought love. Could that be why Judi King goes down to the Houston Library so much? Who is it that Nancy Richards likes? Does he walk you to class, Nancy? We're really glad to see Ann Parsons still going with Claude Braswell. Some of the freshman couples we see are Judy Galeener and Dallas, Judy Young and Bill Pitcher and Don Meredith. why don't you make up your mind? Plans are now in progress for having a thirty minute or an hour radio show over K-NUZ produced, directed and starring the teen-age members of the Larry Kane Fan Club.. Sometime during the summer we hope to have every member on the show... As I have said this will be directed, produced by you. Seen at the Paul Berlin record shop buying the latest hit was Ann and guess who?

Behind--The Scenes

By Britt Hughey

HI Guys and Gals!!

I want to introduce myself and tell you what, why, when and where about me.

In later columns I will tell the same things about others.

My job is reporting news on the-scene for K-NUZ Radio from their Big Mike's one, two, three and X-ninty nine the helicopter.

The radio break came for me when I was fifteen. Since then I have been an announcer, vocalist, D-J, Airman and now my personal choice of all the jobs-- A newsman.

I like news because I meet champions of every field of endeavor. I also satisfy the "Peeping Tom" instinct that I once suppressed. Now.... I can do it legally.

I don't know the where yet. But there's one thing for sure. Wherever I'm going K-NUZ radio is the best vehicle I can find to get there.

In future columns it will be my duty to sorta tell you what happens when the Big Mike transmitters are off. The news that didn't go on-the-air first from K-NUZ radio. This will be a behind-the-scenes approach.

For instance:

Did you know that Katy Grant wouldn't let me mention the name B--- C----- in her presence.

Have you heard that Zsa Zsa Gabor is more maternly than maidenly .

Join me in my next column and you will learn why Larry Kane never bops on "Foley's Teen-Time."

...You know you can get the top thirty, as but out by K-NUZ at Paul Berlin's Record shop.... There's just no other place to buy records as far as we're concerned!... Please direct all news and events to Mary Wayne Heathcott and Judy Howell if you want it run in this column... See you in two weeks for the next edition Teenage News and Views.
